ELMWOOD BOARD OF EDUCATION DITCH NO. 2230

BLOOM and PORTAGE TOWNSHIPS

WOOD COUNTY OHIO

September 1962

D.B. 135

ORTON H JONES
COUNTY ENGINEER

When bank is cut back to flatten the slope, caving tile outlets to be dug out or damaged, the contractor will replace them. If they are damaged in some usefull way, they shall be replaced with 8" or 6" transite pipe using 6 ea 6" elbows and 8" x 6" tee. 8" x 6" tile shall project one foot at 6" diameter and collar set around both tile and pipe shall be poured around both tile and pipe to make a solid water proof joint.

All work must progress even with the excavating machine except leveling
