SURVEY

W $\frac{1}{2}$ Lot 234 and E $\frac{1}{2}$ Lot 235 Bowling Green, Ohio.

Control points shown thus \times
 Iron pipe found at points shown thus \bullet
 " " set " " " " \circ

1" = 40'

In making this survey the width of Ridge St. was accepted as being 40' as no width is shown on the Original Plat (Vol.1, Page 75 of Wood Co. Plats). The south line of the parcel surveyed is north of the occupational line. Pipe were set on the occupational line. Nothing of a structural nature should be erected in the space between our line and the occupational line.
