The Grantor grants an easement for the purpose of maintaining a 4inch tile that drains north from the Grantees property and is located 39 feet (approximately), east of and parallel to the east line of the Stony Ridge Rd. The easement shall extend 2 feet either side of the existing 4 inch tile and extend from the north line of the Grantees property north a distance of approximately 257 feet to a 6 inch tile draining west. The said easement then runs west 2 feet either side of the existing 6 inch tile a distance of approximately 39 feet to the east line of the said Stony Ridge Rd.

The iron pipe marked A was located from information obtained at the Wood County Engineers Office and accepted as the westerly basis of this Survey.
