### Certification

This survey was performed under my supervision. Field measurements and evidence were collected in May, 2020. Property lines shown are located from deeds on record. Surveyor has made no investigation or independent search for easements of record, encumbrances, restrictive covenant, ownership title evidence, or any other facts that an accurate and current title search may disclose unless noted. This survey conforms to the minimum standards for boundary surveys as established under the Ohio administrative code chapter 4733-37. Iron pins set are 5/8"x30" iron rods with yellow cap stamped "POGGEMEYER DESIGN GROUP KC 7448". Basis of bearings; are for angular measurements only. Closure is greater than 1:10,000. All information is true and correct to the best of my knowledge.
